WELCOME AND SCHOOL OVERVIEW

WELCOME

Welcome to The George Washington University Online High School (GWUOHS), an independent private school for academically talented students in grades 6–12 who seek a rigorous yet flexible college preparatory program and are motivated to prepare for a life in which they contribute significantly, responsibly, and respectfully in a global society.

GWUOHS AND K12 INC.

Begun in July 2010, GWUOHS is a partnership between The George Washington University and K12, the leading provider of online education for grades K–12 in the U.S. and around the world. Both organizations share a commitment to deliver world-class, individualized education with the singular goal to help each student reach his or her true, personal potential. The partnership brought together the experienced and successful online educational resources of K12 and the educational research power of GWU. These combined to launch GWUOHS with proven curriculum and an opportunity for advanced research to inform best practices as the school grows and new technologies emerge. Out of this partnership comes a unique collaboration where students benefit from two organizations skilled at improving student achievement at the secondary and higher educational levels. For more information, please visit K12.com.

ACCREDITATION

GWUOHS is accredited by the Middle States Association of Colleges and Schools Commissions on Elementary and Secondary Schools and is a National Honor Society Charter. Accreditation means our programs and curriculum meet rigorous standards recognized by colleges, universities, and employers.

STUDENT AND PARENT HANDBOOK

Providing support to students and parents is a priority at GWUOHS. This Student Handbook is another way we offer that support. Please read this handbook to become familiar with our policies and programs, the expectations GWUOHS has of its students, and what you can expect from us. At GWUOHS, every staff member and teacher is focused on helping you succeed.

Welcome, from the entire staff of The George Washington University Online High School!

The George Washington University Online High School reserves the right to modify, discontinue, or add policies and procedures as it deems appropriate at any time and without notice. *GWUOHS does not require student or family acknowledgment or consent in order to enforce the policies herein.*

MISSION STATEMENT

The mission of The George Washington University Online High School is to educate and inspire academically talented and motivated students who seek membership in a school community that values and cultivates hard work, integrity, appreciation of diversity, love of learning, compassion, and high personal expectations. Through intensive, interactive online collaboration, the GWUOHS experience prepares students to contribute significantly, responsibly, and respectfully in a global society.

Our vision is to create a premier online high school designed with one goal in mind: to provide a personal educational experience that prepares students for success in high school, college, and life.

SCHOOL BELIEFS

At GWUOHS, we invest in teaching eager and open minds and commit to providing the best possible, independent, pre-college education.

GWUOHS teaching means greatness in action, which we demonstrate in the following ways:

- We act with kindness and strength of character.
- We share in the excitement of learning.
- We are passionately committed to ongoing professional development.
- We contribute to the GWUOHS learning community outside of our respective disciplines.
- We embrace and respect diversity.
- We demonstrate a comprehensive understanding of why it is important to become familiar with students' background knowledge and experiences.
- We articulate clear learning goals and provide a rationale for why the goals are important.
- We accurately explain how the content of lessons fit into the overall structure of a course.
- We choose methods, activities, and materials, including technology, that allow for an excellent differentiated learning experience.
- We know how to use formative and summative assessment results in planning future instruction.
- We successfully establish appropriate rapport with students.
- We respond to disruptive behavior in a mission consistent way.
- We create a safe online learning experience.
- We use activities and strategies specifically designed to encourage students to think creatively and critically.
- We collaborate with colleagues.
- We proactively communicate with students and their families.
- We give and seek substantive feedback.
- We make every decision based on our mission.

GWUOHS learning means greatness in action, which students demonstrate in the following ways:

- Students act with kindness and strength of character.
- Students share in the excitement of learning.

- Students are passionately committed to ongoing growth and development.
- Students contribute to the GWUOHS learning community outside of their academic lives.
- Students embrace and respect diversity.
- Students successfully establish appropriate rapport with peers and teachers.
- Students actively participate in a safe online learning experience.
- Students strive to think creatively and critically.
- Students collaborate with classmates.
- Students proactively communicate their needs to teachers, advisors, and administrators.
- Students give and seek substantive and constructive feedback.
- Students make every decision based on the GWUOHS mission.

ADMINISTRATIVE INFORMATION

ACADEMIC AND HOLIDAY CALENDAR

While GWUOHS offers a flexible learning environment within its courses, the school operates on a traditional semester schedule. Applications are reviewed year-round, but enrollment takes place prior to the fall and spring semester start dates. The school’s fall and spring semester calendars are below, including important deadlines and holidays for the 2015–2016 school year.

Fall Semester

 = Days off for students

All-School Assembly	September 1, 2015
Fall semester (1 st quarter) begins	September 2, 2015
Last day to drop/add classes 1 st semester	October 2, 2015
Columbus Day	October 12, 2015
End of 1 st quarter	November 6, 2015
2 nd quarter begins	November 9, 2015
Veterans Day	November 11, 2015
Thanksgiving Break	November 25, 2015 - November 27, 2015
Winter Break	December 21, 2015 – January 3, 2016
Classes resume	January 4, 2016
Martin Luther King Day	January 18, 2016
English semester exams (HS only)	January 25, 2016
Math semester exams (HS only)	January 26, 2016
Science semester exams (HS only)	January 27, 2016
History semester exams (HS only)	January 28, 2016
World language and Electives semester exams (HS only)	January 29, 2016
End of 2 nd quarter/ Fall term	February 1, 2016
Semester break begins	February 2, 2016

Spring Semester

 = Days off for students

All school assembly	February 9, 2016
Spring Term (3 rd quarter) Begins	February 10, 2016
Presidents Day- No School	February 15, 2016
Last day to drop/add classes 2 nd semester (HS Only)	February 24, 2016
Spring Break	March 21, 2016 – April 3, 2016
Classes resume	April 6, 2016
3 rd quarter ends	April 15, 2016
4 th quarter begins	April 18, 2016
Memorial Day	May 25, 2016
English semester exams (HS only)	June 17, 2016
Math semester exams (HS only)	June 19, 2016
Science semester exams (HS only)	June 21, 2016
History semester exams (HS only)	June 22, 2016
World language and Electives semester exams (HS only)	June 23, 2016
End of 4 th quarter/ Spring term	June 24, 2016
Capstone Presentations	June 24, 2016
Graduation	June 25, 2016

GETTING STARTED

PROGRAM INFORMATION

GWUOHS is designed to meet the needs of students who seek a rigorous college-preparatory program through a flexible online school experience with access to private school services, such as clubs, activities, guidance services, and college advising. Students at GWUOHS go to school online using our

robust learning management system (LMS), which hosts online courses and course management tools for students, teachers, and parents. The LMS offers a single place where students can access any information related to their academic life at GWUOHS. Students use the LMS to:

- Access their courses
- Take assessments
- Review grades
- Manage their course schedule
- Interact with peers in an online community

How Class Sessions Work

All GWUOHS classes are conducted using a combination of asynchronous and synchronous (or “real time”) components—the combinations may vary based on the course.

Courses contain asynchronous reading, activities, assessments, and videos, as well as synchronous “live” sessions conducted by the teacher at predefined times. Many of these are recorded so students can “attend” a missed session or review a session again if needed.

Central to these synchronous sessions is the online classroom technology our teachers use called ClassConnect, which provides a whiteboard for live online instruction, the ability to conduct multi-student discussion and collaboration, and space for instructional slides as well as file and video sharing. This technology enables teachers and students to engage in a live virtual discussion as if they were in a physical classroom. Attendance at Class Connect sessions is strongly encouraged. In cases where scheduling conflicts prevent a student from attending Class Connect sessions, students are encouraged to watch the recording.

Our faculty members also use ClassConnect for Help Desk sessions, one-on-one sessions with students, and parent–teacher conferences.

Journeys Symposium

The Journeys Symposium is a course sequence unique to GWUOHS that takes students through a process of self-discovery, leading to a fulfilling high school experience and successful college placement. This flexibly structured voyage—interactive, introspective, and inspiring in equal measures—also provides students with a framework for living life well.

In the symposium, the GWUOHS faculty helps students navigate their passage from the classroom to the real world. Students receive the tools needed to wrestle more confidently with personal experience—which is key to their success in college and beyond.

High School Journeys

In high school, the Journeys Symposium is comprised of eight consecutive semester-long seminars that include an overarching focus for the academic year and college preparation:

9th Grade: Self-awareness

Students explore and evaluate their personal interests, habits, and preferences through writing exercises and guided experiences that give them greater insight into themselves and each other. Part of this immersion in self-awareness is an assessment of their learning styles and needs. Each student emerges with a concrete set of goals, as well as a foundation in career exploration. College preparation: students develop skills in taking notes, strategies for taking tests, a high school academic plan, and PSAT and career preparation.

10th Grade: Service to a cause through community, compassion, and commitment

Students are challenged to incorporate their developing self-awareness into the realm of team and community by taking part in a hands-on service experience of their choice. Critical to this endeavor is in-depth analysis and reflection on the dynamics that lead to effective team action and community involvement. The result is a blueprint that students can use for skillful and responsible stewardship in the future. College preparation: students experience service learning activities needed for college admission and preparation for the SAT/ACT tests.

11th Grade: Leadership

Students continue to apply their sense of self and understanding of community by building and sharing their own unique stories. This third year stresses the conviction that every individual adds a distinctive, vital chapter to the whole human story. Through an iterative series of writing challenges, presentations, and discussions, each student crafts a powerful personal narrative that can be used as his or her decisive college application essay. College preparation: students receive continued SAT/ACT preparation, college essay writing skills, and assistance with plans for college visits.

12th Grade: Capstone Project

Students study different leadership styles and theories as they apply to real-life situations.

They also research, examine, and report on examples of courage, motivation, influence, and triumph, which becomes more personally relevant through their work on a Capstone Project— a self-selected, hands-on leadership opportunity.

For the Capstone Project, each 12th grader picks an area of study based on his or her area of concentration. Participants work with the Journeys Symposium instructor throughout the entire capstone experience. Once an area of study has been identified, and approved by a faculty committee, students partner with a mentor and conduct research in their area of interest. Students present their completed Capstone Project for their families, other students, and faculty members during graduation week on The George Washington University campus. College preparation: students receive assistance completing college applications during their participation in the Capstone Project.

COURSE SELECTION AND TRANSFER CREDIT

After completing the enrollment application, speaking to an enrollment coordinator, and submitting the necessary forms and documentation, your student will be assigned an admissions advisor who will schedule a conference to discuss course recommendations and transcript analysis, as needed. Students interested in NCAA-eligible courses through GWUOHS should discuss their expectations with admissions advisors upon enrollment to ensure appropriate courses are selected. GWUOHS is a full-time school*. Therefore all students are expected to complete a minimum of six credit hours per academic year (or six courses per semester) toward the twenty-four credit hours required for graduation. Our advisors and college counselor work closely with students to create a multi-year academic plan tailored to reflect the student's college goals, interests, and skills.

*GWUOHS does offer the AP Excellence Program for 9th-12th grade students looking to supplement their current education, gain valuable college credits, and challenge themselves intellectually.

Official transcripts are required in order to post transfer credits to the students account. Unofficial transcripts can be used during admissions for course selection purposes.

Transcripts, Report Cards, and Other Documentation

Proof of success in prior coursework helps our admissions advisors determine the appropriate courses for students. As such, documents such as report cards for middle school and transcripts for high school are required before acceptance to GWUOHS. All received documents are reviewed upon receipt and placed in the student's file. Official school records are stored at the Registrar's Office and will be approved or denied based on school criteria.

All relevant documentation can be sent to GWUOHSdocuments@K12.com.

Transcripts must be in English with an original copy (in language of issuance) attached. For transcripts not in English, transcripts must be evaluated at an outside agency at the Parent/ Guardian's cost to determine transfer credit standing. GWUOHS utilizes Arizona International Credential Evaluators (www.iceinaz.com). For additional information, please contact gwuohsregistrar@k12.com.

Course Prerequisites

Many of our higher level courses require successful completion of lower level courses. For a student to enroll in a course with an established prerequisite, the student must provide documentation of successful completion/earned credit for the prerequisite. Please see the course catalog for a listing of course prerequisites.

AP Courses

AP Courses feature their own specific requirements that are as follows:

- Teacher recommendation is required for students to enroll in an AP course.
- Maximum Number of AP courses a student may take

- GWUOHS students may enroll in a maximum of three AP courses per term. Written requests to enroll in more than three AP courses may be submitted to the student's advisor. The GWUOHS leadership team will review and approve/ deny such requests.
- AP Exam Policy
 - It is the expectation that all GWUOHS students enrolled in AP courses will be prepared for success on the AP Exam. However in cases where a student is not succeeding in the course, the teacher may recommend that the student forgo the exam.

Transfer of Credits Prior to Enrollment at GWUOHS

GWUOHS allows the transfer of high school course credits for full-time students, provided an official transcript is submitted from the school where the credit was earned. GWUOHS will determine which credits are recognized and in which subject credit is awarded. Credits earned at other K12 private school programs will be accepted for transfer to GWUOHS. Students transferring from other K12 schools are subject to the school's diploma requirements found in this policy handbook. GWUOHS does not transfer in weighted quality points for courses taken outside of GWUOHS.

While the admissions advisor does an unofficial credit analysis during enrollment to assist in course placement, full-time students hoping to transfer a high school course credit taken elsewhere will not receive an official audit and posting of transfer credit until those documents are received. Official transcripts are analyzed by the Registrar's Office, and students will receive notification of transfer credit decisions and posting of credits. Official transcripts from other institutions that have been presented for admission or evaluation become part of the student's academic file and are not returned or copied for distribution.

NCAA Eligibility

Many GWUOHS courses can be used for NCAA athletic eligibility. For more information and a listing of eligible GWUOHS courses, please visit the NCAA site and use CEEB code 471066.

Transfer Credits Taken While Enrolled

Once fully matriculated, any credits taken outside of GWUOHS must be preapproved by administration to be considered as potential transfer credit. Please visit the GWUOHS website, forms, and documents section to download a Preapproval Request Form.

Middle school students are permitted to take high school courses for high school credit. These courses will count for both middle school full-time load requirements and for the high school diploma requirements and will be visible on the students' permanent records. All requests for middle school students to take high school coursework are subject to administrative approval.

Transferring Credits Earned at GWUOHS

Course credits earned at GWUOHS are transferrable at the discretion of the receiving school, which has the right to award or deny credit transfers as based on their policies.

Transfer/Posting of Credits Earned While Homeschooling

Many students who enroll in GWUOHS have been homeschooled or have learned in similar nontraditional programs. In order for previous homeschool experience to be considered for transfer credit, GWUOHS has developed the following guidelines:

- Students enrolled in GWUOHS may be offered credit for previous homeschool or independent study courses consistent with the high academic standards and policies of the school. The school recognizes the value of supervised independent study to enrich students' academic experience.
- Families should submit detailed documentation or student assessment documents as part of their request.

GWUOHS will carefully evaluate and assess a student's previous homeschool or independent study work to determine how the work may be recognized as high school credit. To transfer credits earned while homeschooled, the student must fill out the Homeschool Credit Evaluation Kit found in the Admissions Packet for each course the school needs to review and submit it to gwuohsdocuments@k12.com. The student's admissions advisor will provide additional information about required documentation.

Dual Enrollment Policy

Full-time students can take dual credits in their junior and senior years, meaning students are dually enrolled with GWUOHS and at a college or university.

- Before enrolling in a concurrent program, students should receive authorization from academic administration to ensure the credits will transfer via the pre-approval form found on the GWUOHS website.
- Students seeking dual enrollment need to provide a course description outlining credit value that will be earned for approval. Failure to do so CAN result in the course not transferring.
- Academic administration will approve the course for the student, and the Registrar will note the pre-authorization in its records.
- Number of credits awarded for each college course taken will be determined on a case-by-case basis.
- Only credits that have been pre-approved as counting toward the GWUOHS diploma will be awarded on the official transcript. These courses will include the college name on the high school transcript. If other college courses not pre-approved have been taken by the student, they will not appear on the transcript.
- Dual enrollment courses are not covered as a part of GWUOHS tuition costs. Any tuition or course fees required by the college or university are the responsibility of the student/family.

Students should be aware that dual enrollment will not always count as college credit at other post-secondary institutions. Students should check college policies on transfer credits. GWUOHS reserves the right to accept, review, revoke, and/or hold any transfer credits from previous schools when it determines necessary to preserving the academic integrity of the school.

Course Audits

Auditing a course allows a student to take a course without the benefit of a grade or credit for a course. Generally a student who audits a course does so for the purposes of self-enrichment and academic exploration. At this time, GWUOHS does not allow students the option of taking coursework for audit. All courses taken at GWUOHS and courses approved from another institution will appear on the official transcript, with a letter grade.

GWUOHS ADVISORS

High school presents stressful situations. The GWUOHS advisory program serves to assist students through their high school experience. Each teacher at GWUOHS serves as an advisor for a portion of the student population. Advisors meet weekly with each student on an individual basis throughout the school year. During sessions, advisors are available to discuss academic and non-academic concerns, e.g., scheduling, studying for exams, and/or extra-curricular opportunities. Advisors hold monthly meetings with the parents/ learning coaches of their advisees. The purpose of these meetings is to make sure the parent/ learning coach is fully aware of the student's academic progress and to proactively address any questions or concerns. GWUOHS advisors also help students select their course of study for the following academic year.

Advisor–Advisee Communication

Advisors provide their students with a list of times when they are available to communicate. When a weekly check-in time to communicate has been selected and agreed on, both the advisor and student are expected to notify one another if either is unable to attend. Students' commitment to be available at the same time each week helps foster personal integrity consistent with the GWUOHS mission.

Course Consistency and School Staff Communication

Students can log in and access course work at any time of the day, 24 hours a day during the school year. Students are expected to stay on pace and consistently work through all their courses on a daily basis. Teachers and/or advisors will conduct regular outreach phone calls. School staff is expected to return phone calls and e-mails within a 24-hour time frame on regular school days. Teachers hold online Help Desk and ClassConnect sessions at scheduled times; students will need to log in at the scheduled time if they wish to take advantage of this interaction. Posted recordings of ClassConnect sessions can also be accessed. Students and Learning Coaches are encouraged to contact teachers and academic advisors whenever they have a question, concern, or need help.

Confidentiality Policy

GWUOHS recognizes the importance of the physical and mental safety of our students. Students should be aware that GWUOHS maintains an ethical and moral obligation to refer students in need to community services and confidentiality may be breached under a number of conditions that include but are not limited to the following:

- If a student has suffered child abuse, or knows of another individual who has.
- If a student threatens to harm himself/herself or others.
- If a student has witnessed or taken part in a crime.
- If a student indicates she is pregnant, or if a male student indicates he impregnated a minor.
- Any situation where a legal document requests such information.

STUDENT ONBOARDING PROGRAM

To facilitate a successful virtual education experience for your student, GWUOHS has developed a Student Onboarding Program to ease students into the online learning environment and to prepare them for the start of school. The program begins up to one week before the start of school after the student has successfully completed the enrollment and admissions processes. Onboarding will vary depending on a student's grade level.

On or before the first day of school, students will take a required one-day Online Learning Course to introduce them to the virtual classroom environment. Students spend the majority of their orientation time (two to four hours) working asynchronously in this course, which provides almost all of the orientation and instruction required for both new and returning students.

The course content is available for reference for the remainder of the school year. Parents are encouraged to review the Online Learning Course with their student.

During the first month of school, students and parents are expected to attend the All School Assembly virtual session and attend their teachers' scheduled course orientations. A recording of the All School Assembly will be posted in the student's Online Learning Course for review. In addition, recordings of the course-based orientations will be posted for review.

ACADEMIC AND OPERATIONAL POLICIES

GRADUATION REQUIREMENTS

To receive a GWUOHS diploma, students must meet the following requirements:

- Be no older than 21 years of age on or before the start of their final semester with GWUOHS
- Have earned at least 6 credits with GWUOHS
- Be a GWUOHS student for their two final (consecutive) semesters
- Have earned a total of 24 credits by satisfying the course requirements as detailed in the chart below

Course Requirements

Subject Area	Credit Requirement	Specifics (if applicable)
English	4 credits	
Math	4 credits	Algebra 1 and higher
Science	3 credits	Must include 2 lab science credits*
History	3 credits	Must include World History and US History
World Language	3 credits	**
Journeys Symposium	4 credits	Or .5 credit per semester of school taken with GWUOHS***
Electives/Concentration	3 credits	See paragraph below

**Lab sciences may include biology, chemistry, and physics.*

*** Students seeking a competitive college preparation path should strongly consider taking 3 credits of the same world language to fulfill this requirement.*

**** Students who transfer to GWUOHS in grade 10, 11, or 12 will only be required to take .5 credit of Journeys per semester of school with GWUOHS. For these students, the total credits required to earn a GWUOHS diploma must still equal 24. Any remaining credits may be fulfilled by electives.*

To fulfill elective credit requirements, students are to take subjects that align with their intended area of study in college. The GWUOHS advisor and college counselors can help students design their concentration of elective courses schedule. Students choose a concentration at the end of the 10th grade or upon initial scheduling if a student joins GWUOHS in 11th or 12th grade. (Note: 11th and 12th grade transfer students should work with a GWUOHS counselor to determine their individual requirements and/or elective credit needs.) The chart below provides examples of the way elective credits could be allocated in a student's junior and senior year to fulfill the concentration requirement.

Subject Area **Credit Requirement** **Specifics (if applicable)**

Liberal Arts	3 credits	Combination of history, world language, and/or fine arts courses
Science and Technology	3 credits	Combination of science and/or technology courses
Entrepreneurial	3 credits	Combination of entrepreneurship, business, and/or economics courses

Candidates for a GWUOHS diploma may not repeat a course in which they received a grade of D- or better unless required by the instructor or approved by the college counselor and associate head of school. A written request explaining the circumstances must be submitted to the instructor before being approved.

GRADING SCALE

The following grading scale is applicable for both middle school and high school students. (Note: quality points only apply to high school students.)

Letter Grade	Grade Range		Points
A+	100	97	4.0
A	96	93	3.7
A-	92	90	3.5
B+	89	87	3.3
B	86	83	3.0
B-	82	80	2.7
C+	79	77	2.3
C	76	73	2.0
C-	72	70	1.7
D+	69	67	1.3
D	66	63	1.0
D-	62	60	0.7
F	59	Below	0
WP/WF/WM	NA	NA	0

STANDARDIZED ASSESSMENT

GWUOHS does not require individual state testing; however, we assess student progress and achievement in the curriculum. We use diagnostic tools to assist in the development of an appropriate educational program for each student. GWUOHS administers these standardized tests and results are provided to advisors and/or teachers to further individualize a student’s curriculum.

Advanced Placement (AP) Exams

All students who enroll in an AP course are encouraged to sit for the AP Exams. Students enrolled in AP courses must attend the two AP orientation sessions, one in the fall semester and one in the spring semester. The GWUOHS college counselor will contact the student with detailed information (i.e., time, date) each semester. These sessions are mandatory. If the student cannot attend at the time offered, the student is responsible for scheduling and attending an individual meeting with the college counselor.

Please keep in mind that AP exams are offered at certain locations in all states throughout the U.S., but they are not offered in every country. If a student is interested in attending an AP course to take the AP exam, we highly recommend contacting the College Board at 888.225.5427 to ask about the available locations. The GWUOHS CEEB Code (used for school reporting on the AP Exams) is 471066.

PACING AND ATTENDANCE

K12 curriculum allows students flexibility in the amount of time spent on schoolwork. GWUOHS views student success in terms of lesson mastery, not attendance hours; however, we have found that lesson mastery requires consistent and substantial attendance.

Students are responsible for accessing their calendar and daily assignments. Teachers provide daily assignments through the learning management system (LMS) for high school students or the online learning system (OLS) for middle school courses. Daily assignments specify a student's expected activities and due dates. Students cannot be exempted from individual assignments or tests within a course, nor can GWUOHS teachers change or delete lessons for students. Students should log in to each course daily during the academic week. Students can expect to spend 60–90 minutes per course, per day (more for Honors and AP courses).

Participation in Class Connect Sessions

Every GWUOHS course also contains synchronous ClassConnect sessions conducted by the course teachers. These sessions are held at regular times throughout the semester. The ClassConnect schedule for each course can be found in the ClassConnect tab in the LMS. Class Connect sessions are a major component of the instructional program at GWUOHS. Class connect sessions afford students the opportunity to receive direct instruction from the classroom teacher, work collaboratively with classmates/peers, ask questions about the lessons and assessments in the online school, and extend their content area mastery. Participation in class connect sessions is expected. Students are encouraged to attend live sessions whenever possible. In the event that a student has a conflict, they should access and watch the recording prior to the next class session. The teacher will post a question at the end of the recording. Students viewing the recording are required to submit their answer via k-mail, in order to receive participation credit. Please note that there will be no extensions granted for participation in Class Connect Sessions.

Participation in class connect sessions will comprise ten percent of a student's final grade in each academic course.

Inability to Participate

Students should notify their teacher or academic advisor in advance if they will be unable to participate in school (unable to log in) for three or more days. The student and Learning Coach are responsible to make arrangements with the teacher(s) regarding missing assignments. Whenever possible, the school expects students to work ahead before a planned absence. Work will not be waived.

Truancy

To be successful at GWUOHS, students need to be fully engaged in their learning. GWUOHS defines truancy as a student being inactive in course(s) for more than 10 consecutive days. This inactivity includes but is not limited to:

- Failure to make required classroom discussion posts
- Failure to complete lessons or assignments as posted in a student’s daily schedule
- Failure to communicate with teachers and other school staff
- Failure to log in or to complete work once logged in

If a student exhibits signs of truancy, the teacher and/or academic advisor will make multiple attempts to reach out to the student and parent. If the student and/or parent are still unresponsive, an official truancy warning letter will be sent by school administration. If the student and/or parent do not respond to this letter, a final truancy letter will be sent by school administration, and the student will be administratively withdrawn from all courses and the program. Students who are administratively withdrawn for truancy will not be eligible for a tuition refund, nor will future payment obligations for the term be suspended.

Excessive Absences

Regular attendance is critical to a GWUOHS education. Students who are absent from any class for 20% of the school days in a semester place their course credit in serious jeopardy. Students exceeding 16 unexcused absences in a semester may not receive credit for their courses. In such instances, the student and his or her parents will be required to meet with the student’s advisor and the Dean of Curriculum and Instruction to determine an appropriate course of action. Students with excessive absences may not participate in school-sponsored activities, including clubs, without permission.

COURSE COMPLETION

Assignment Due Dates

Students should view their course calendar daily for a list of their lessons and required assignments. It is important that students adhere to the schedule indicated in their course calendar. Within a course, students cannot be exempted from individual assignments, discussions, or tests, nor can GWUOHS teachers change or delete lessons for students.

Assignments scheduled during the week need to be submitted no later than that following Thursday at 11:59 PM (ET). We highly recommended that students submit their work on the actual due date. Staying

on schedule is important to facilitate a collaborative learning environment for all students in each course. If a student cannot adhere to this schedule, they should consult the Late Work Policy.

Rolling Deadlines

While students are strongly encouraged to complete their assignments/ assessments by the stated due date, we understand that many of our students have busy schedules as they pursue other interests, talents, and passions, in conjunction with attending school. In order to provide flexibility for our students, GWUOHS offers four-week rolling deadlines (two week for AP courses). This means that the deadline for submitting work is actually approximately four weeks after the stated deadline. After the four-week deadline, the grade for lesson and assessments that have not been submitted will become a permanent zero. Please contact your advisor for a listing of the rolling deadlines.

Early Completion of Final Exams

In some instances, students may need to complete final exams early due to illness, pre-arranged travel, or other special circumstances. In such cases, students will need to submit a formal, written request to his/ her advisor no later than two weeks prior to the start of final exams. These requests will be reviewed and subsequently approved or denied by the GWUOHS Leadership Team.

Please note: Once a student has accessed the final exams, they will not have the ability to complete or submit any assignments or assessments for the course.

Late Work Submission

Students are responsible to access and complete daily assignments as outlined in each course calendar. Due dates for assignments are posted in each course calendar to ensure students are informed of appropriate pacing. There will be a posted “last day to submit work” for each course according to the student’s term start date; no assignments will be accepted after 11:59 PM (ET) that day.

Working ahead is perfectly acceptable and preferred if a student is going to miss days due to anticipated travel. Students are required to inform their teacher(s) and academic advisor of travel plans that may interfere with their schooling. Special exceptions will not be considered for students who do not communicate their travel plans to school staff.

Late Work Policy

All assignments must be completed and submitted no later than 11:59 PM (ET) on the Thursday after the posted due date.

- Temporary zeroes are entered as grades for every assignment not received by the Thursday deadline. The temporary zeroes will be calculated into the overall course scores.
- Students are permitted to complete all assignments up to four weeks after the Thursday deadline. The new grade will then replace the temporary zero in the grade book. The four-week allowance will not extend past each quarter-end and semester-end date. See the Academic and Holiday Calendar section in this handbook for quarter- and semester-end dates.

- All assignments received four weeks after the due date will not be accepted or graded unless prior arrangements have been requested. Permanent zeroes are entered as grades for these assignments and for assignments not received by the permanent zero deadline.

Due-date extensions on assignments are permitted under some extenuating circumstances with advance approval from the administration.

Course Extension Requests

Students may find they cannot finish a course in the allotted timeframe. Students with extenuating circumstances may request a course extension; however, not keeping up with coursework over a semester is NOT a valid reason to request an extension. To qualify for consideration, the adverse circumstances or events must be unforeseeable or unpreventable and sufficiently disruptive to have a significant adverse effect on a student's academic performance or ability to complete assignments by their due date. Circumstances or events that merit consideration may include:

- Suffering a serious illness or injury
- The death or critical or significant illness of a close family member or dependent
- A significant family crisis leading to acute stress
- A natural disaster or catastrophe
- Moving

In addition, the school will consider the following:

- Students must have been working in a course on a consistent basis
- Students must have a reasonable expectation of passing (>50% in the course)
- Students can be granted up to a maximum of 10 instructional days for an extension; all assignments and final exams a student is permitted to complete must be submitted on or before the extension end date

For an extension request to be considered, documentation of the circumstance or event is required (for example, a doctor's note confirming serious illness). The student must request an extension in writing in advance, on or before two weeks prior to the student's term end date. All requests must be approved by school administration. Students who wish to request a course extension must contact their academic advisor. All course extensions must be complete before a student can move into the next level of a course, and any extension request for more than 5 school days will require additional administrative approval.

COURSE CHANGES

Course changes will be made according to the course add/drop policy, and require the approval of GWUOHS staff. Course changes fall into three categories: course additions, course drops, and course withdrawals. For any course change, students must begin the process by informing their GWUOHS advisor through K-Mail in writing.

Course additions, drops, and withdrawals follow certain time parameters and can have transcript implications. The chart below identifies the time period and potential grade issued for such changes.

Request	Course Type	Time Period	Grade
Course Addition/Drop	HS Fall Course	On or before 10/02/2015	No Grade Implication
	HS Spring Course	On or before 03/11/2016	
	Middle School Course	On or before 10/02/2015	
Course Withdrawal	HS Fall Course	Between 10/03/2015 - 12/04/2015	WP (Withdrawal Passing) WF (Withdrawal Failing) WM (Withdrawal Medical)
	HS Spring Course	Between 03/012/2015 - 05/12/2015	
	Middle School Course	Between 10/03/2015 - 05/12/2015	

Course Add/Drop Period

In order to maintain an ideal course load, students are permitted to add/drop courses from their current course load during the add/drop period. After the add time period, no courses may be added to or dropped from a student’s course load. After the add/drop period any course changes become subject to the course withdrawal policy. Credit will not be granted for dropped courses and will not be calculated into the student’s GPA.

Course Withdrawals

After the course add/drop period, all course changes become subject to course withdrawal procedures. (See the table above for specific information regarding time period and grade implications.) Credit will not be granted for withdrawn courses and will not be calculated into the student’s GPA.

EARNING COURSE CREDIT

Grade Appeals

Grade appeals must be submitted in writing to the Registrar’s Office within 30 days of a term end date. Reviews will be conducted internally among academic staff/administration and the Registrar’s Office.

A grade may only be disputed for the following reasons:

- The grade was issued in error. This includes situations where there was a miscalculation of grade points that resulted in a lower grade for the appealing student. The student must clearly demonstrate the miscalculation. It also includes situations such as missing records, mistaken grade entries, etc.
- The student has documentation that he or she previously received a higher grade on a similar assignment at the same level of competency.

At least 10 business days are required for staff to review a grade appeal request and issue an official decision. Appeal requests are permitted once per student per term, and all decisions are final. The grade appeal form can be found [on our website](#) and can be submitted to GWUOHSregistrar@K12.com or faxed to 866.422.7975.

Course Failure and Repeat Credit

Failed courses will be recorded as an F on the student's transcript, and a zero quality point will be computed for the course in determining the GPA. Students are permitted to retake failed courses. Courses required for graduation must be retaken and passed. If a student retakes a course, the initial failing grade and the subsequent repeated grade will appear on a student's transcript and will be factored into the student's overall GPA. Students who are repeatedly unsuccessful in GWUOHS courses may be subject to denial of re-admission for a subsequent term or school year. See the Involuntary Program Withdrawal and Denial of Admission section in this handbook for more information.

REPORT CARDS AND PROGRESS REPORTS

One of the many features available through a student's online learning platform is a current report of academic progress, grades, and attendance information. A parent or student may log in to the system at any time and view the information. Formal progress reports are distributed twice each year at the midpoint of each semester. A report card with advisor comments will be issued at the end of each semester.

GPA

For high school students, GPAs are determined by dividing the number of quality points earned by the number of credits received. GPAs are only determined on a semester basis. The cumulative (composite) GPA is determined using the semester averages of all courses taken with GWUOHS.

GRADE LEVEL ASSIGNMENT AND PROMOTION

A full-time student's grade level is assigned based on earned credit and is evaluated by the registrar for final consideration. The Registrar's Office reserves the right to request and review all student academic records and any other items pertinent to making an informed grade-level and promotion decision.

Grade-level promotion is evaluated at the end of each academic year. Grade-level promotion is based on the following accumulation of credits per grade level.

Grade Level Earned Credits

12	18 Cumulative Credits
11	12 Cumulative Credits
10	6 Cumulative Credits

PROGRAM WITHDRAWAL

Voluntary Program Withdrawal

A program withdrawal from GWUOHS refers to discontinuing the program prior to the completion of the semester or year in which the student is enrolled. Parents or Learning Coaches must notify their academic advisor in writing of their student’s desire to withdraw.

Program withdrawals are subject to the course add/drop or course withdraw period. Withdrawal requests made after the Course Withdraw Period must to be approved by GWUOHS administration.

Involuntary Program Withdrawal and Denial of Re-admission

GWUOHS is an exclusive educational opportunity for students and strives to maintain a culture of integrity and high achievement. As such, students who routinely perform below expectations in terms of academic achievement, attendance, code of conduct, may not be permitted to return to GWUOHS for a subsequent semester or school year. Behavior that may lead to denial of re-admission may include, but is not limited to, the following:

- Repeated failure of a course
- Repeated lack of engagement in course activities
- Repeated school absences
- Truancy, as defined in Section 4 of this handbook
- Severe violation and/or repeated minor violations of the student code of conduct

Before a student is denied re-admission, a conference will be held with the student, parent, teacher or advisor and the head of school. When a conference is not possible due to lack of communication with the school, students may be administratively withdrawn with written notice. Students who are administratively withdrawn will not be eligible for a tuition refund.

REQUESTING SCHOOL TRANSCRIPTS

Official transcripts can be ordered using the eScrip service. For more information on setting up an account or placing an order, please view the [Request of Official Transcript](#) process information.

Record Hold Policy

Student registration may be declined and student records, including but not limited to transcripts and diplomas, withheld for the following reasons:

- Breach of Financial Agreement
- Results in unpaid tuition balances
- Insufficient Compliance
- Compliance items are incomplete or not official

Students and Learning Coaches are informed of financial obligations while enrolled at GWUOHS by the billing department.

STUDENT CODE OF CONDUCT

Introduction to the Student Code of Conduct

The George Washington University Online High School strives to maintain a positive learning environment where students, families, teachers, and staff are treated with respect and, in turn, respect the personal rights and property of others. All staff members are expected to meet key standards of work performance: achieving committed goals, meeting deadlines, having a positive effect on others, and continuously seeking ways to enhance and improve the school. Students and families are expected to contribute likewise to create the most effective educational environment possible.

Students enrolled in GWUOHS should be aware of the following guidelines and expectations. This code of conduct is applicable to the online school environment as well as for any onsite/ in-person school events. Any activity not listed here that violates local or country laws is considered a violation of the Student Code of Conduct and Terms of Use.

Failure to follow these guidelines could result in the following:

- A grade of zero points for the specific activity, assignment, or exam which violates the Code of Conduct
- Failure of the course or courses in question
- Removal of access to GWUOHS instructional computing resources, which could result in the student's inability to complete learning activities
- Suspension or expulsion from GWUOHS and loss of paid tuition
- Involvement with law enforcement agencies and possible legal action

Inappropriate Behavior

GWUOHS is committed to maintaining a learning environment free from inappropriate behavior and harassment. Inappropriate behavior includes the following:

- Insults or attacks of any kind against another person
- Use of obscene, degrading, or profane language
- Harassment, continually posting unwelcomed messages to another person, or use of threats
- Posting obscene or defamatory material intended to annoy, harass, or intimidate another person. This includes distributing spam mail, chain e-mail, viruses, or other intentionally destructive content.
- Knowingly and intentionally reporting or giving false or misleading information, either oral or written, which may injure another person's character or reputation or disrupt the orderly process of the school

- Intentionally destroying, damaging, defacing, or stealing records or property (whether physical or electronic) owned by the school or school staff
- Exhibiting lewd, indecent, or obscene behavior and/or activity, either in person or online
- Possession, sale, distribution, or use of controlled substances, including alcohol at any school-sponsored event. Students traveling abroad are required to adhere to this policy regardless of local regulations.
- Possession of knives, firearms, lighters, explosives, or any other object used or construed as a weapon at school events
- Any conduct that disrupts the education process

Harassment

Conduct that interferes with an individual's academic or work performance or that creates an intimidating, hostile, or offensive environment is prohibited. Harassment may come in many forms and includes spam (unsolicited e-mails not pertaining to the course), threatening communications, and offensive communication or interactions of any kind. The school does not tolerate harassment or bullying of individuals based on their age, race, creed, mental disability, nationality, physical disability, religion, gender, sexual orientation, or on the basis of any other condition or characteristic protected by federal, state, or local law. Harassment or bullying of any member of the school's community is considered serious misconduct and will be subject to strong disciplinary action, including expulsion.

Bullying

Bullying is defined as willfully and repeatedly exercising power or control over another person with hostile or malicious intent (i.e., repeated physical or psychological oppression of a less powerful individual by a more powerful individual or group). Acts of bullying can be physical, verbal, and/or psychological and are in violation of the school's Code of Conduct.

- Verbal: taunting, making fun of, malicious teasing, insulting, name-calling, making threats
- Psychological: spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation
- Physical: hitting, kicking, spitting, pushing, pulling, taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcomed physical contact

GWUOHS encourages bullied students to notify their teacher or academic advisor of the harassment or bullying incidents. However, students are encouraged to go directly to the head of school if discussing harassment with the teacher or academic advisor is believed unsuitable. The school will take immediate action to investigate complaints of harassment and will take steps to stop it and prevent it from occurring in the future. Witnesses to harassment or bullying are responsible to report the behavior immediately to a faculty member or administrator. The school will follow up with all families involved in a case of harassment, and all consequences will be recorded in administrative files.

Off-Campus Behavior

Students are expected to be responsible representatives of the school at all times, whether online, at an in-person school event, or “off-campus”—meaning outside of school activities. Adverse behavior that affects the school’s community or reputation may result in disciplinary action, up to and including dismissal. GWUOHS reserves the right to address students and their families whose off-campus interactions have impacted the on-campus community.

Conduct at School Sponsored Events

GWUOHS expects its students to adhere to its behavior guidelines while at school events, on school trips, and during educational and co-curricular activities offered year round (fall, spring academic terms and summer immersion program). Safety, civility and respect for the worth of every member of our community remain the philosophical foundation of our school. GWUOHS acknowledges that the family is responsible for a child’s behavior after school hours and on weekends, and our usual policy is to respect a student and family’s privacy in that regard. However, behavior that significantly affects students when they are attending school sponsored events, that suggests a threat to the emotional or physical safety of our students may, require action by the School.

ACADEMIC INTEGRITY POLICY

All submitted coursework is assumed to have been completed only by the individual student. Students are responsible to observe standards on plagiarism, cheating, and properly crediting all sources used during the composition of work. Students who fail to abide by these standards will be reported to the appropriate administrative authorities, which may result in a conference with the Learning Coach, failure of the course assignment or exam, loss of credit for courses, revoked access to course(s), and suspension or expulsion from GWUOHS.

Cheating

Cheating is the use of another person’s work in an attempt to gain an unfair advantage. Cheating occurs when students knowingly submits the coursework, an exam, or assessment of another individual and claims it as their original own. Examples of cheating include, but are not limited to, the following:

- Copying a classmate’s work; this may be an answer to an essay question, any written assignment, or an entire exam
- Copying from course feedback provided by the school
- Copying answers to exams found in other sources (such as entering the question into a search engine and copying the response found online)
- Collaboration between two students which results in submitting identical answers on assignments
- Using online translators for assignments in language courses

Plagiarism

Plagiarism is using an author's work without acknowledging the source of that material. Examples of plagiarism include, but are not limited to, the following:

- Quoting work from an outside source without proper citation and attribution
- Improper paraphrasing of another person's work: maintaining the original text with little alteration or rewording and/or not citing the source
- Copying information from a book, play, speech, article, website, or other written or spoken work without proper citation

Plagiarism may occur unknowingly. It is important to understand that simply acknowledging a source through quotation marks or comments is not the same as citing it. GWUOHS recommends using the MLA Style Manual for resource citation. Visit mla.org and click on the MLA style link for more information.

The software program TurnItIn is an important tool to ensure academic integrity. The program helps prevent cheating for some written assignments and tests. Prior to submitting a written assignment or taking an assessment, students may be prompted to install and/or use academic integrity software on their computer. Students will be required to install this software before continuing on to take the assessment. Once students access the test, they will be unable to copy, paste, or open new browser windows or programs during the assessment. If students encounter difficulty with the software, they should contact K12 Customer Care for assistance. Contact your GWUOHS advisor immediately if Customer Care cannot resolve the issue.

Use of Copyrighted Materials

All course materials are copyrighted and provided for use exclusively to enrolled students. Enrolled students may print or photocopy material from the GWUOHS website for their own use. Use by or distribution to others is prohibited unless expressly noted. Unauthorized copying or distribution may result in revoked access to course(s).

Users shall not upload, download, transmit, or post copyrighted software or copyrighted materials, or materials protected by trade secrets, or other protections using GWUOHS computer resources. This restriction includes copyrighted graphics of cartoon characters or other materials that may appear to be non-copyright protected.

Academic Integrity Violations

All students who violate principles of academic integrity will be reprimanded. Depending on the nature of the offense, a student's grade or ability to earn credit for a course may be affected at the discretion of the student's teacher and GWUOHS administration. Violations of academic integrity will be reprimanded according to the following guidelines:

- The first offense will be handled between the teacher, advisor, administrator, student, and parent; the teacher will provide additional instruction as to what constitutes plagiarism and/or cheating, and the student will receive a zero on the assignment. Depending on the severity of

the infraction, the student may have an opportunity to make up the assignment at the discretion of the teacher. The student will be required to attend a meeting with GWUOHS administration regarding plagiarism. If more than one violation is discovered at the same time, it will be considered the student's second offense.

- A second infraction will result in a meeting with the school administration. A member of GWUOHS administration will call the student and family providing additional instruction and feedback regarding the incident. A live session will then be scheduled with the student, family, teacher, advisor, and administration. Students will have no opportunity to make up questionable work and a zero grade will remain. Further action may be taken as needed following the discipline policy.
- In the case of a third infraction, a meeting will be held with the head of school, teacher, advisor, student, and family. This meeting will result in the student being removed from all GWUOHS courses with loss of credit and denial of re-admission.

RESPONSIBLE USE OF TECHNOLOGY

All students are expected to be responsible representatives of the school at all times, whether on or off campus and whether school is in or out of session. This expectation includes students' behavior in the electronic world. Parents/Learning Coaches are responsible for supporting the school's standards when students use Internet resources. The Responsible Use of Technology Policies are in effect for as long as students have a valid network account and password, including the summer months and/or any time students use the school's technology resources.

- Students are responsible and liable for maintaining the confidentiality of their assigned passwords and access codes. They agree not to disclose assigned passwords and access codes or allow other persons or students to use them or attempt to circumvent the school's security system.
- Students may not interfere with other users' ability to access GWUOHS or disclose anyone's password or allow them to use another user's account.
- All students will receive a Kmail account. Students will use Kmail for all academic work and only for legitimate and responsible communication between students and faculty. Harassing, discriminatory, or otherwise objectionable remarks and any other antisocial activities are prohibited on Kmail.
- Students may only access information that belongs to them, or that they have been given permission to use by the owner.
- Malicious use of the network to download, store, or develop programs that embarrass, harass, or are otherwise objectionable to other users is prohibited. Activities to infiltrate or overburden a computer or computing system and/or damage computer software or a computing system are prohibited.

- Using technology resources to access, purchase, or download products or services that could subject the school’s technology to viruses, malicious code, back doors, or other malware designed to harm technology resources are prohibited.
- Encryption of files is prohibited.
- Posting images, video, or audio of any student, visitor, staff member, faculty member, or administrator on the Internet without receiving permission from the individual(s) is prohibited.
- Students must not publicly post their personal contact information (address and phone number) or personal messages from websites or blogs intended for personal gain or profit, as well as audio files or compressed video, any non-instructional files, or any material not approved by GWUOHS administration.
- Using any recording device, including, but not limited to, video and digital cameras or camera phones to record videos or take pictures to slander, bully, or denigrate any student, visitor, staff member, faculty member, and/or administrator on or off campus at any time is prohibited.
- Unauthorized access to the school’s website is strictly prohibited.

Failure to adhere to the Responsible Use of Technology Policies or other misuse of a computer or the network is a violation of the Student Code of Conduct and will result in disciplinary action. Information relating to illegal or inappropriate activities must be reported to a faculty member.

College Application Disclosures

As an institution philosophically grounded in integrity, hard work, and high personal standards, GWUOHS expects students to answer all questions on school or college applications truthfully, including those pertaining to disciplinary issues. If an admissions office asks about information on a student’s application, GWUOHS personnel will answer honestly and to the best of their knowledge. If a disciplinary matter occurs after an application has been submitted, students are expected to inform colleges or secondary schools of any resulting change in their status, including the loss of a leadership position or suspension or dismissal from school. GWUOHS will report expulsions to all colleges and secondary schools that a student has applied to.

For students who have been disciplined who wish to apply to college, the college counseling office will work closely with the student to present relevant information in a mature, clear, and responsible way, and will also submit a letter corroborating the information and, as appropriate, indicating the school’s continued support for the student and his or her application.

Objectionable Materials Policy

There may be times that Learning Coaches/mentors find certain lessons, books, or materials objectionable for various reasons. If Learning Coaches/mentors find objectionable material, they should contact their student’s teacher via Kmail. Teachers will consider the objection and determine if an alternate lesson or plan is necessary to meet the lesson objectives. The lesson assessment must be completed to show that learning objectives have been met. Learning Coaches/mentors should also contact K12 directly by using the feedback option of the OLS.

School-Sponsored Publications and Productions

Under staff direction, GWUOHS may sponsor student publications and productions for students to learn required skills and become familiar with the rights and responsibilities of public expression in a free society.

GWUOHS administration reserves the right to exercise editorial control over school-sponsored publications and productions or to prohibit such publications and productions in their entirety if deemed necessary.

SCHOOL COMMUNITY AND STUDENT LIFE

College Counseling

As a part of GWUOHS tuition, students receive an account on Family Connection, a comprehensive online tool that assists users with post-secondary planning and career exploration. Used by more than 5,000 schools worldwide, this premier software program engages students, enhances communication between GWUOHS and families, and supports the school's "college-going culture" to promote student success.

Also included in a student's tuition is access to standard counseling services such as:

- College counseling ClassConnect sessions
- Asynchronous SAT/ACT test prep and discounted pricing on synchronous SAT/ACT boot camp. (Note: New and re-enrolling students are eligible if enrolled by the spring enrollment date.)
- Asynchronous advisement and support with GWUOHS private school college counselors
- College and career workshops
- Participation in individual consultation modules with a private school college counselor on topics such as NCAA eligibility, college admissions testing, the college application process, financial aid, college selection, and more
- A customized Individual Learning Plan (ILP) specifically designed to support the consultation modules
- 1:1 follow-up advisement and support from a private school college counselor
- Access to the Betterton College Planning Tool, which allows students to build a college list, target needed GPA and SAT/ACT ranges, enhance their portfolio, define college cost, and locate financial aid
- Special sessions throughout the school year from top admissions officers and financial aid experts

For more information on our counseling services, please contact the GWUOHS college counseling department.

The GWUOHS National Honor Society

The National Honor Society (NHS) is the premier organization established to recognize outstanding 11th and 12th grade high school students, honoring those who demonstrate excellence in character, leadership, scholarship, and service, as well as good grades.

To be considered for membership to the GWUOHS chapter of the NHS, students must have at least 12 credits by the end of 10th grade and have a cumulative GPA of at least 3.33. To be inducted as a new member, students must have been enrolled with GWUOHS for at least one semester prior to the review process.

Candidates apply for membership (see the Forms and Documents section of the GWUOHS website) and are voted in by the Faculty Council based on the leadership, experience, service, and character students have demonstrated on their application.

Once inducted, NHS members are expected to uphold high academic standards, attend regular meetings, and complete a chapter service project as well as an individual service project each year. The GWUOHS branch of the NHS recognizes membership awarded by other schools.

Student Clubs and Competitions

GWUOHS encourages contribution to student life through school clubs, which represent the wide range of our students' interests and talents. Students gather in a secure and inviting online environment where they explore topics that interest them, under the guidance of a teacher. Such interactions create a strong community among a diverse student body and can result in the development of lifelong friendships. These clubs may meet once or more a month at a predefined date and time. If a group of students has a common interest not represented in the current lineup of clubs, they may submit a proposal to the head of school to form a new club. For the 2015–2016 school year, club offerings include:

- The GWUOHS Newspaper: offers students the opportunity to bring their talents to The GW Yawp, the student-run high school newspaper, overseen by a faculty advisor. Students write and submit their articles to Yawp editors who post the articles and maintain the GWUOHS website.
- The GWUOHS VOICE: offers students the opportunity to give voice to their views directly to the GWUOHS administration. The student-run club seeks out the questions, concerns, complaints, and suggestions of schoolmates. Together they meet and discuss the matters at hand to take action and ensure that their schoolmates' voices are heard and their needs are met.
- The GWUOHS Writing Center: emulates writing centers found on college campuses through a virtual facility. Student-editors guide the writing of their peers through thoughtful dialogue, furthering their own understanding of writing as well as those who seek their help.
- The GWUOHS Yearbook: provides a way for students to chronicle their experiences at GWUOHS. The GWUOHS Pioneer is compiled by the student-led yearbook editors, using the latest technology to construct their time capsule.
- Science Fair: offers students the chance to design, complete, and evaluate an independent science project. This project is a required part of Honors science courses during the spring semester. Students compete against other GWUOHS students. Members of the scientific community throughout the country judge the projects.

- Poetry Out Loud: helps students master public speaking skills, build self-confidence, and learn about their literary heritage. The National Endowment for the Arts and the Poetry Foundation have partnered with U.S. state arts agencies to support Poetry Out Loud, a contest that encourages the nation’s youth to learn about great poetry through memorization and recitation.

Student Trips

GWUOHS recognizes the importance of in-person interaction and strives to provide numerous opportunities for students to connect with each other throughout each school year. During the 2015–2016 school year, high school students will have the opportunity to:

- Explore England and Ireland on the annual Spring Break Trip
- Attend the in-person prom and graduation at The George Washington University campus
- Participate in quarterly Meet ‘N’ Greet events throughout the country
- Attend campus tours at colleges/ universities throughout the country
