

The Preposition Song

-Sing this tune to "Jingle Bells"-

*The first line should be sung to the lyrics "Dashing through the snow..."

Aboard, about, above,

across, after, against,

along, among, around,

at, before, behind,

below, beneath, beside,

besides, between, beyond,

but, by, concerning, down, during, except, for, from, inside.

OHHH!

into, like, near, of, off,

on, out, over, past,

since, through, throughout, till, to, toward,

under, underneath,

OHHH!

until, up, upon, with,

within, and without.

Now I know my prepositions

of that there's no doubt!
