You and your student are invited...

Keystone Strong Start Program

The Keystone Strong Start program was developed to help new full time students make a successful transition to Keystone. A Student Success Advisor will follow your student up to the first four months in their courses and will be their main point of contact for non-instructional questions. The Strong Start program includes:

- ✔ Getting Started Webinar
- ✔ Monthly progress checks to make sure your student is making adequate progress
- ✔ Student Success Advisor 1:1 meetings as needed: Students and parents can sign up for a meeting with their Student Success Advisor to get assistance.
- ✔ Information on how to be a successful Keystone student.

You will be receiving an email from your student’s Student Success Advisor soon to help you and your student get started with the Strong Start program!

Upon completion of the Keystone Strong Start Program, students will:

1. Successfully start their Keystone courses. This includes logging in and submitting assignments.
2. Understand how to navigate through their online classroom and submit various types of assignments.
3. Know how to manage their time and set a school schedules that allows them to meet their goals.
4. Understand how and when to contact their teacher and other support people at Keystone.
5. Be knowledgeable about specific study skills including note taking, the writing process and how to study.
6. Know how to get involved with Keystone clubs.
7. Understand what they need to do to successfully complete their courses.
