

# Creating a Student Account

Student accounts can ONLY be created within the primary learning coach account in the OLS. After the parent or learning coach logs into their OLS account they will need to click on the My Account link in the upper right corner of the home page.

Next, click on your student's name from the drop down menu. A new window will appear with the information you and your student will enter for their own user name and password. Click save when you have finished.

Students taking a World Language must have a student account set up in order to access their world language course.
